Athietes Take Practice in Fayer weather Gymnasium After Rain Spoils Diamond.

By "SENATOR."

CHARLOTTESVILLE, Va., March 18 -Joe Gedeon has had a relapse and following yesterday's short workout on Lambeth Field, which was damp from the heavy rain of the night before, he is today confined to his bed.

Mique Martin is caring for him, but if no improvement is seen soon, a physician will be called in. Gedeon seems puite unable to shake off his cold and there is danger lest more serious trouble fflict him as a result. Today the ball field was in no condi-

tion for the athletes and so all the work was done in Fayerweather gymnasium, the rookles using it in the morning and the degulars in the after-

lowing their grueling practice of almost six hours yesterday and Manager Griffith excused them with a short workout today.

The canvas covers used to protect the plate and the box at the Florida avenue park have arrived, but it rained last night before they could be spread upon Lambeth Field. Therefore, it will take a good, hot sun and a little breeze to put the field in shape for further use by the Climbers.

CHARLOTTESVILLE, Va., March 13. -Nick Altrock was a screaming joy to the college students, many of whom had never seen him.

G. Erminie Schaefer coached the Climbers from the bench, but later took a seat on the fence and roared his orders from that position.

Gandil could easily have made three asses on his terrific wallop had he not een suffering from a sore heel. He did be best he could.

Altrock posed in his funniest manner then he went to bat, and then smashed clean single to right, turning the augh on his audience.

Danny Moeller and "Zeb" Milan were thoroughly exhausted by their hard day's work and begged to be relieved. Griff was gentle with them and sent

Ed Finlay, Virginia's captain and backstop, is considered an intelligent player and so the jeers were particu-larly hearty from the Climbers' bench when he tried to tag McBride coming into the plate on a force play instead of touching the plate. He missed Mc-Bride and the run counted.

Nick Altrock made a number of speeches to the spectators, some of which drew applause and some groans, a cold reception when he which drew applause and some groans. He was given a cold reception when he shouted to the rookles, grouped on the hill back of the plate. "Do you love your manager?" They replied as one. "No." in a loud tone. Then Nick chased

In the eighth inning, with the score 10 to 9 against them, Stickley cracked one over Nick Altrock's head in center field for an entire circuit of the muddy hase paths. This powerful blow completely wiped out the pain in the hearts of the home boys. They had scored. Right after that Clark, the pitcher, slammed one on the nose to right center for three corners, but Boehling pulled himself together, fanned Ed Finlay and for three corners, but Boehling pulled himself together, fanned Ed Finlay and forced Neff to sky to Altrock. The lone run was all Virginia got.

But who cared, anyway, about the score of the contest? It was only an exhibition game and the fair-sized throng of students and others greatly enjoyed the antics of Nicholas Altrock. the other half of the comedy team of Schaefer and Altrock, Nick had a won-Schaefer and Altrock. Nick had a wonderful afternoon, filled with boxing and wrestling, speech-making to the gallery and a military drill that was a perfect scream. To make his afternoon absolutely flawless the gargoyle came up to the platter in the eighth inning and slammed out a single to right and the shirth wherefirst the series.

Hank Shanks contributed a pretty running catch of a foul fly in the fourth, chasing over the track for it, and falling into the rough land beyond. He held the plil, though, and earned the applause given him by the crowd. The washington, a virilla was a large of the series of the s and slammed out a single to right and in the ninth, bringing the contest to a sensational close, he speared a liner from Fitchett's bat with that marvelous gloved paw of his. Cornell University crews take the water for their initial workout and Brower T. Spransey is again at No. 6 in the varsity boat. There seems to be little doubt but that the Washington boy is in line for the big rowing honor at Cornell this year. He is the veteran of the crew, has been four years in the varsity boat, and stands an excellent chance to land the commodoreship.

The sou on Lambeth Field is heavy and a daring base runner can show him un without half trying. He is a good hitter, though, and shows brains on the bases.

Jack Ryan's first duty to himself and the university is to cut his squad 'n half. A perfect army of lads in variegated uniforms swarms upon Lambeta Field every afternoon, getting in each other's way and generally spolling the work of some of the boys who are good players. Half the squad would be able to do much better work an't Ryan will probably use the axe before another week rolls by.

We recommend the suits we make to sell at \$25; we believe in raising the standard of value as a means of lowering the cost of living; a \$25 suit gives more than \$10 better service and satisfaction than a \$15 suit; to say nothing of the effect in increasing the wearer's self-respect.

Good clothes always pay dividends in your looks; in your sense of being well-dressed: in the impression you make. If you want these things you'll have to pay at least
